

DEADWOOD NEIGHBORHOOD WATCH

November, 2015

10-10-15, Hwy 36W, private property. Stormy night, 2-3 a.m. resident's dog barked, next day resident found Chevy Trail Blazer 2006 had been vandalized overnight, with knobs turned, blower on, dome light on, Indian blanket used, and car manual stolen. The owner wishes to have the manual returned.

By co-incidence, a person of interest, young woman, shaved head, blond mohawk down center of head, in a 'mentally challenged' state, was seen around the 'Deadwood Mall' for perhaps a week. She was enthralled with certificates and documents and showed these around, apparently obtaining them from the cemetery. She has not been seen in the area since this reported incident.

10-19-15, Deadwood Creek Rd, Community Center, 3rd Saturday. A middle aged man, a veteran, 5'11', 175 lbs, clean cut, shaved head, light beard, going by the name Todd Alan Strom, having been seen and staying in various places the month of October, from HWY 36, Deadwood Mall, and Upper Deadwood, became agitated (apparently threatened persons with harm, prior to the 3rd Sat. event). A number of Deadwood members responded to his needs with supportive talking into morning hours. He left and has not been seen since. Vets in Deadwood, and DNW called the VA and other entities to find and help him but he has not returned to the Deadwood area.

10-25-15, Hwy 36 E, private property. Side garden gate ajar, Stihl weed eater (blade and string) stolen, ID#283100034, valued at \$400-500. Police report pending.

NOTE: If persons of interest are seen in the area, report to Sheriff non-emergency, 541-682-414, and call Deadwood Neighborhood Watch to alert community (3497 or 3099). If you sense danger call (9-1-1 immediately).

To report incidents, call Maryanne (3099) or Marina (3497) immediately. The next DEADWOOD NEIGHBORHOOD WATCH member meeting is Thursday, November 12, 6:30 p.m., Community Center. Inactive members and Community members are welcome.
