On behalf of the Deadwood Creek Fire Service, I would like to say thank you to Yvonne de Miranda for raising \$1,100 for the fire service by hosting a garage sale and donating the proceeds. This fund raiser was Yvonne's idea that she set up and hosted on our behalf. The turn out was somewhat disappointing but the outcome exceeded expectations by far. This is the type of community support our fire service needs, thank you Yvonne

The June 11th (Saturday) Register Guard (Cutting Waste article by Saul Hubbard) and the June 19th (Sunday) Register Guard (Opinion Piece - Rural Garbage: Bite the bullet) gave all of us a rather nasty bit of news. The first article tells us of a report that purposes to cut 8 of the 16 transfer sites in Lane county. Of course the Swisshome site is on the hit list. The research done by a California-based R3 Consulting Group somehow determined this could save tons of money for the county. This move would theoretically save the county \$570,000 a year. By cutting rebates and senior discounts another \$196,000 would be saved. The second report about biting the bullet simple gives the opinion that Lane County can't afford to keep all 16 sites open.

Folks, this is terrible news and in the main is a very bad idea. From Deadwood this could mean over a 60 mile round trip to recycle the Register Guard. If we all drove East this would still be over a 40 mile trip for those who live right in town and by Highway 36. Did I mention that this all boils down to a really terrible plan.

I have sent in an article to the Register Guard (Not printed yet?) which specifically states that for our community this is really unacceptable. The little note also asks for our West Lane Commissioner Jay Bozievich to help us out of this mess.

Commissioner Jay Bozievich, West Lane 541 682 4203 & Jay.Bozievich@co.lane.or.us

In the meantime I have called and either spoken to or left messages for Michelle & Richie, Maggie & George, Keith, Mel, Gerry Burnett, Don Wilbur, Alpha by way of mail carrier, The Deadwood Post Office, The Swisshome Postoffice, Greg Lindsay, Rick Barrows, Howard of the Swisshome Heartbeat (article to show in next edition), Pastor Brian Moore (announced in Church and Denny Ellis.

I also had a visit with Paul Harry at the Deadwood, Store -- he was going to tell Herbie about the possible closure of the Swisshome site.

The above articles mention something about 4 meetings in July? Didn't say where? Also a hint that a decision would be made in August, what ever that actually means?

What to do next?

Did I forget to mention that closing the Swisshome Transfer Site is *really *really a very bad idea for this community -- it really is!

ON THE SOUL'S IMMORTALITY

A young man once wrote these lines:
There is no death. What seems so is transition.
This life of mortal breadth
Is but a suburb off the life elision
Whose portals we call death.
Life is real. And the grave is not its goal.
Dust thou art, to dust returneth
Was not spoken of the soul.

BURN REMEDY

Jabrila just told me that the latest burn remedy is egg whites! Slather the burn in egg whites right away!

Who knew?!
submitted by Michelle

The **membrane** of the egg is great for spider bites. Bit of a hassle taking it off the egg shell, but with patience, it can be done (doesn't have to be in one piece). Cover the bite with the membrane. Leave it on for as long as you can. Repeat.
