Please wear masks & maintain 6'-10' distances to ensure safety of workers & members. We will call you when your order is ready. Put your phone # on the order form.

To find out your credit or money owed call Nancy @ 964-3151.

Food Coop Standard Informational Blurb

The Deadwood Co-op is a food buying club comprised of Deadwood area members. Established in the 1970's and run by volunteers, we bring natural, whole, organic, and local foods to Deadwood. We order six times yearly: February, April, June, August, October, December. Ordering information can be found in the Deadwood Trading Post under Food Coop tab. If you are a new member you will need the passwords to the catalogues. Contact Cathy Barr (541-964-5371) for those.

Current Food Coop Info

Please bring your order and 1 copy of pages 1 & 2 to my house. Put orders w/ payments on the chair on my porch, not in the mailbox. You can print an order form from our webpage @deadwoodtradingpost.com,

Deadwood Farmer's Market

Come one, come all. Come with produce or homemade goods. Come with empty baskets to fill. Celebrate the first market of this most unusual year on June 7th, Saturday at the Deadwood Country Market. That said, please wear masks and stay a decent distance apart.

Habitat for Humanity Fundraiser

Is your storage bring overtaken by empty bottles and cans? Help the environment while supporting your local Florence Habitat for Humanity. Florence Habitat will be hosting a bottle and can drive Friday, June 5th and Saturday June 6th from 10 am- 2pm. Just bring returnable bottles and cans that you wish to donate to the front of Restore in the grocery outlet parking lot. Volunteers will be on hand to unload them from your vehicle. This is a social distancing drive-thru event. Homes, communities, hope + you

Hello from your local Watershed Council...

We miss you and hope this message finds you happy and healthy!

While SWC has limited our site visits, we are busy planning future projects and doing our best to keep current projects moving forward. We trust the spring shoots of your NPD plants are becoming leaves, and the flowering branches will shade the water for young salmon biding their time before they swim to the Pacific to become adults. Once there, these fish will explore the ocean for years before returning to the Siuslaw's fresh waters to lay their eggs in the streams, under the shade of a streamside willow or cedar.

The 2020 Native Plant Distribution was one of the most successful tree giveaways to date, giving away over 11,500 plants and offering a wider variety than ever before. We can't think of a better way to celebrate this classic program than to give our community the gift of choosing next year's plants for yourselves!

Is there a native pollinator or tree that you have the perfect place for that hasn't come up on the list for a few years? Think about what plants you would like along your stream or lakefront and let us know so we can offer them next February! Email nativeplants@siuslaw.org to make your suggestions in any format you're most comfortable with. We at SWC will do our best to incorporate as much feedback as

possible while ensuring we meet our goals for funders

Thanks to a grant from the Three Rivers Foundation, SWC will be offering a special group of culturally important species to the Confederated Tribes of Coos, Lower Umpqua, and Siuslaw Indians (CTCLUSI) in 2021. Many of these species populations have decreased due to loss of habitat and we will soon be consulting with the Tribes on which ones to offer next February!

Just In Case This Slipped By Y'all :

As government officials wage a full-blown war against COVID-19, Americans' constitutional rights are being usurped in the crossfire.

An alarming new federal bill was recently introduced in the US House of Representatives to implement a nationwide citizen surveillance program. H.R. 6666 would allocate \$100 billion annually in taxpayer funds to deploy a massive network of surveillance workers to test, contact trace and enforce the quarantine of individuals who are said to be infected — or potentially infected — with COVID-19.

Should you or a family member end up on a list of those who are thought to be infected with COVID-19, the bill allows for federal workers to be dispatched to your home. That takes surveillance and mandatory medicine to an entirely new level.

May Day Run Results Are In

When the "substitute" Mayday Run-Walk-Ride was announced with a two-week window for self-timed participation, there was a significant and enthusiastic response to the idea and many commitments. By the end of the two weeks only Two Walkers had reported so the time-limit was extended to 28th of May. This resulted in two more entries of Runners for a disappointing grand total of four entries. For heroism in keeping the tradition alive, Thank You to:

Walkers- Honore: 38.00 minutes

Anya: 38.00 minutes

Runners- Natalie: 17.25 minutes

Danell: 16.12 minutes

Submitted by Johnny Sundstrom

Editor's Note

For the rest of the summer Churpa Rosa/Rogers will be the editor of the Ditto. I would like to say how enjoyable these past months have been, despite the many boo

boos. It is a great learning experience, tho it points out there is always more learn. On to the next mistake! Or opportunity.

Take care all of you amazing members of this community.

Hello from Your Deadwood Pioneer Cemetery Board of Directors!

We hope that you and your loved ones are doing well and staying safe. We want to thank you for your contact and support in the past and update you on our plans and progress here.

Spring Workday - Normally we have a spring workday two weeks before Memorial Day to mow, prune and clean up, but this year we're not having a formal gathering due to the quarantine orders. Last weekend Gerry Burnett cleaned sticks and branches from the cemetery and Brenda Garner mowed, but we still hope to have a few folks come out to prune shrubs and run weed eaters around the graves. There are always headstones that could use a gentle scrubbing with water and a soft brush – no harsh or abrasive cleaners or tools, please. If you want to come out and donate an hour or two at your own time, it is always greatly appreciated!

Veterans Memorial Installation – We have installed our new Veterans Memorial Rock on the right side of the driveway. This 11' rock monument was donated by Don Wilbur, set up by Gerry Burnett and Duane Willsⁱ, and is being carved by Mic Johnsonⁱⁱ of Mapleton, with an inscription plaqueⁱⁱⁱ that will say

“Dedicated to those who served in the US Armed Forces, and in loving memory of those who gave their lives in defense of our country.” Medallions of the 5 main service branches will be inset above the inscription.^{iv}

We will sell 3" x 6" metal plaques inscribed with any veteran's name and information, living or dead, to be placed on the rock as a memorial – not just those interred in Deadwood Pioneer Cemetery. We currently have received about \$500 in donations, and we hope to raise an additional \$2,000 to cover the remaining costs of this memorial. If you would like to buy plaques or make a donation, please visit our website, <http://deadwoodcem.org/> or email us at deadwoodcem@gmail.com. THANK YOU!

Cremation (Ash) Scattering Garden and other landscaping - Near the Veterans Memorial rock, we have been adding flowers and paths, some overlooking the river and mountain. Be sure to stroll around on your next visit and notice what's blooming, including Forget-me-nots, Bleeding Heart, rhododendra, azaleas, hyacinths, Lily-of-the-Valley, hellebores, pulmonaria, Oregon Grape,

and more.

Visit our website or contact us for more information on scattering cremains and memorializing your loved one in our lovely Cremation Scattering Garden.

We will miss visiting with all of you who have attended this annual event. We will look forward to a gathering with you in the future!

Thank you,

Andi Shattuck, Secretary

Megan Gerber, Special Projects
