Friday, Sept. 22	Triangle Lake Food Share
Saturday, Sept. 23	Mapleton Food Share Resist Fundraiser at Deadwood Community Center
Sunday, Sept. 24	Deadwood Farmer's Market

DCS NEWS

We were unable to find a long-term volunteer to coordinate third Saturday dinners. For now, each third Saturday dinner will be coordinated by a different volunteer. Please consider signing up to help so that the month's food coordinator isn't responsible for every aspect of the dinner and clean-up. September's food coordinator is Tchanan. Contact her if you are able to help with prep, cooking, serving or cleaning.

If you're interested in renting the Deadwood Community Center or know an interested party, please swing by to pick-up our new brochure.

DCS elections will be held at our annual meeting. Three seats on the board will be open. If you are interested in running for the DCS board, we encourage you to submit a statement for the October issue of the Ditto.

DITTO BUSINESS

APPRECIATION:

My thanks to Mary Gold who did a great job with the last Ditto, and with my submission re: "how I got here". I was inspired to write it by the request from Churpa in the previous Ditto, for everyone to send in his/her story about finding Deadwood. I hope other people are equally inspired to write, and will also give us their tales. It should be of great interest to all. So, many thanks again, to both our alternating editors, Mary and Churpa. It is a volunteer job and a labor of love.
Yvonne R. de Miranda

And now for a word from your editor...

Speaking of which...I greatly enjoyed Yvonne's excellent story of how she ended up in Deadwood. I wasn't the only one—a number of people told me they liked Yvonne's story and hope that more people will write in. I would love to continue this series. How did you end up in Deadwood? If you have an "origin story," submit it to the Ditto! Kate Harnedy is interested in taking accompanying portraits of any interested writers.

Key questions to ponder before you write:

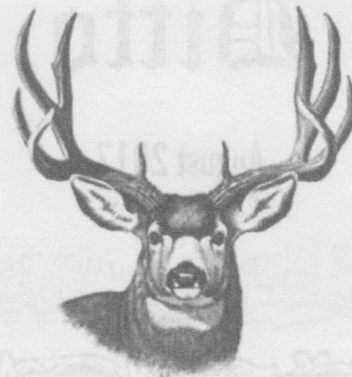

What did you imagine about Deadwood before you came here?

What was your first impression of the Deadwood valley?

How has this region shaped who you are?

CALL TO ARTISTS!

The Ditto welcomes black-and-white sketches from artists of all ages. To submit, bring your drawing to the Deadwood Country Market drop box or email to deadwoodditto@yahoo.com.

"Art is what you can get away with."

-Andy Warhol

And finally...

If not already noted "submitted by," you can assume that additional artwork, quotations, and articles were placed here by me, Felisa Rosa Rogers a.k.a Churpa.

This won't be true for next month's issue, which will be edited by Marygold McNutt.

Want to submit? Email us at deadwoodditto@yahoo.com or drop off in our box at the Deadwood Country Market. The deadline for submissions is the 26th of each month.

Dear Friends of the Siuslaw Watershed Council:

Thank you for your interest and involvement in the work of the Council. September 17th is the Annual Celebrate Siuslaw Salmon Dinner! This event is the primary fundraiser for the Siuslaw Watershed Council and includes a great dinner, silent and live auctions, short presentation and music. Doors open at 5:30pm at the Florence Event Center and the evening should wrap up by 9pm.

The Siuslaw Watershed Council supports sound economic, social, and environmental uses of natural and human resources in the Siuslaw River Basin. The Council encourages cooperation among public and private entities to promote awareness and understanding of watershed functions by adopting and implementing a total watershed approach to natural resource management and production.

For more than 20 years the Council has been engaging residents, landowners, businesses and other interested parties to help improve and enhance watershed functions across the basin. Much of the work is funded through grants that are awarded by the Oregon Watershed Enhancement Board as well as other State and Federal partners and private organizations. Many grantors provide for project specific administration but unfortunately do not provide general business overhead costs, such as pre-project planning & development, accounting and financial management, as well as the host of miscellaneous costs that any business must bear. Donations and income from the Celebrate Salmon fundraiser provide the dollars for these typical and ordinary business costs.

We hope that you make time in your schedule to attend our event. Tickets are available now for the low cost of \$25 each or for \$30 at the door.

The number of tickets will be limited so that we can adequately plan for a bountiful meal so please purchase your tickets early!

Tickets can be purchased online:
www.brownpapertickets.com/event/3046497.

Alternatively, you can contact any Board member or stop by the office at the Mapleton School District compound at 10868 East Mapleton Rd. to purchase your tickets.

We hope to see you on September 17th!

Wendy Farley (President of BOD)

Dan Carpenter (Executive Director)

Other watershed council notes:

We look forward to seeing you at our next general meeting on August 30, 2017 at the Archie Knowles Campground at 6:30 PM. Parking is limited, so please plan to carpool from the SWC offices or park at Pop's Restaurant on Hwy 126.

We are very appreciative of all item donations for our Celebrate Siuslaw Salmon Silent & Live Auctions. If you would like to donate an item or gift certificate, donations may be made at the SWC offices in Mapleton! All donations are tax-deductible to the full extent of the law.

“Slang, to be acceptable, must be fresh and applicable, or it is as unappetizing as a leftover buckwheat cake. Moveover, it is like underscoring written words, and to be effective must be sparingly used. All colloquial expressions are little foxes that spoil the grapes of perfect diction, but they are very little foxes; the false elegance of stupid pretentiousness, however, is an annihilating blight that destroys root and vine.”

-Emily Post

Low-Income Food Options

The Deadwood Farmer's Market will continue to convene for September. Carinna has valiantly jumped through the hoops required to get the market approved for food stamps. She is still waiting to get the necessary machine, but hopes that she'll be set-up to take food cards sometime in September.

Mapleton Food Bank is open from 10 AM to 2 PM every 2nd Thursday and 4th Saturday. The food bank supports Food Backpack for Kids. More info at BackPackImpact.org.

Food boxes are available in Triangle Lake on the third Thursday of every month, from 11 AM to 2PM.

20280 Blachly Grange Road

Fire Services Annexation Update

The two public hearings for the annexation into the Swisshome-Deadwood RFPD are now on the Board of County Commissioners (BCC) calendar. The first hearing will be on October 17th and is with the Land Management Division before the BCC. At this hearing the Land Management Division will determine:

1. If the proposed boundary change is a land use action;
2. That all application submittal requirements have been met;
3. If the legal description accurately describes the boundaries of the proposed boundary change as it is shown on the cadastral maps;
4. If the list of taxlots is accurate and complete; and
5. If additional information is needed, and communicate what is needed to the applicant.

The second public hearing will be on October 31st. At this hearing the BCC may approve or disapprove the proposal, considering the following decision criteria when evaluating the proposed boundary change:

1. The land is not within a district formed under the same principal act;
2. The annexation area can reasonably be served or continue to be served by the facilities or services provided by the district;
3. No land included in the annexation area will be removed if the land is benefited; and

4. The boundary change is consistent with the Lane County Rural Comprehensive Plan, other applicable refinement plans, and other adopted land use regulations or agreements as required for the county board to adequately evaluate the proposed change

The BCC, in making their decision, may also modify a proposal to make it larger or smaller. If the BCC accepts the proposal as it is, they will enter an order describing the boundaries of the territory annexed and declare it annexed to the district.

Hearings will be held in Eugene at the Public Services Building (125 E 8th Ave. Eugene). Exact time to be announced.

During the Civil War, doctors in the Union Army routinely used onion juice to clean gunshot wounds, and General Grant, deprived of it, sent a testy memo to the War Department: "I will not move my troops without onions."

If you can lay a shovel on it, elephant manure, according to Barnum & Bailey

Circus, grows "the biggest and best tomatoes in the world."

Tiger manure, though not specifically recommended for tomatoes, is said to ward off marauding gophers and rabbits if spread around the edge of the garden.
